

IN CONVERSATION WITH NOBEL LAUREATE

ELIZABETH BLACKBURN AC

Under the auspices of the SAGE Athena SWAN Pilot

MONDAY 25 SEPTEMBER 2017 - TICKETS ON SALE

Don't miss this exclusive opportunity to hear Nobel Prize winning molecular biologist, Professor Elizabeth Blackburn AC, discuss gender equity and diversity issues in the Science, Technology, Engineering, Mathematics and Medicine (STEMM) disciplines.

Professor Blackburn is a strong advocate for women forging a career in science and is recognised as a true inspiration to women, and to all Australians.
